

DAILY EVENING BULLETIN.

DAILY, EXCEPT SUNDAY.

ROSSER & MCCARTHY,
Proprietors.

FRIDAY EVE., NOV. 23, 1888.

It is estimated the prohibitionists polled 5,000 votes in Kentucky at the late election.

KENTUCKY'S population at present is estimated at nearly 2,100,000, an increase of about 500,000 since 1880.

THE Owen County Democrat has suspended. Its owner and editor was lately appointed State Librarian, which may account for the suspension.

EX-CONGRESSMAN PHIL. THOMPSON, of this State seems to be making a success at the practice of law in New York. He has just recovered a judgement against the Nickerbocker Ice Company for a fee of \$10,000, the amount claimed, and an allowance of 2 1/2 per cent. extra as trimmings.

TWO hundred negroes of Lexington, have sent on applications for pensions, it is stated, within the past four or five days. It's very evident the incredulous colored man has been basely imposed on by some Republican politician with promises that in most instances will never be realized.

So Maysville wants two Representatives! Why any county wants to increase her stock of Representatives is passing strange. Most counties are sorry that they have one, instead of hankering after two. Take Louisville, for instance. Who would want her Representatives?—Lexington Press.

The more the merrier, and with two such positions to be filled it won't take so long for the honors to go 'round among the crop of aspirants. Don't you see? And "two heads are better than one." But seriously Maysville is not going to trouble herself much over the matter.

THE Maysville Republican didn't say a word in its last issue about the Hall safe and Lock Company, of Cincinnati, discharging a number of their hands. But it did say a good deal about a slight increase of wages granted the employees principally in some Pennsylvania iron industries, and, of course, attributed the increase to Harrison's election.

The men who were discharged by the lock company referred to were fired out because they objected to a reduction of wages. The wages of the wood-workers were cut 15 per cent. and of the fillers 30 per cent. The men claim that many of them acted upon the advice of the firm and voted for Harrison and Morton that wages might be maintained. But here in less than a month after the election the hypocrisy of the employers is exposed by a reduction of wages of nearly one-third in some branches of their establishment.

If the increase noted by our contemporary was due to Harrison's election, to what must this reduction be attributed? Will the Republican please answer?

Kentucky's Vote.

In 1884, Cleveland polled about 153,000 votes in this State. At the recent election his vote amounted to about 183,000—an increase in four years of about 30,000.

Blaine's vote four years ago in Kentucky was a little more than 118,000. This year Harrison polled a little less than 155,000—an increase of about 37,000.

The vote of the two parties is the largest ever cast in the State. The Democratic increase would undoubtedly have been much larger had there been a warm fight for Congressman in all the districts. In the First and Second,—strongholds of the party—the Democratic vote shows but little increase. Their nominees were certain of election, and there was probably no special effort to get out a full vote.

The Republicans make their heaviest gains in the mountain counties of the Tenth district—a district where there are more pauper counties perhaps than in any other section in the State.

Had there been a determined fight all around at the late election the Democratic vote would no doubt have reached 200,000.

Return Thanks.

Governor Buckner has issued the following proclamation:

EXECUTIVE DEPARTMENT,
FRANKFORT, KY., November 21, 1888.

It having become a custom sanctioned by frequent observance for the people of the Commonwealth to devote a particular day to the duty of giving thanks to the Supreme Being for the benefits conferred upon mankind, now, therefore, I, S. B. Buckner, Governor of the Commonwealth of Kentucky, do hereby designate Thursday, the 29th day of November, to be set apart to be observed in such manner as each individual may deem appropriate as a day of thanksgiving to the Creator of the universe for blessings we have received at His hands. In testimony whereof I have hereunto set my hand and caused the great seal of the Commonwealth to be affixed. Done at Frankfort the 21st day of November, in the year of our Lord, one thousand eight hundred and eighty-eight, and in the ninety-seventh year of the Commonwealth. By the Governor.
GEORGE M. ADAMS,
Secretary of State.

More Light.

Editor Bulletin—Our city is again in the throes of the light question and the success that the electric light company is meeting with seems to guarantee for Maysville a competing institution at an early date.

The lately re-organized gas company have, it appears from their action of yesterday in circulating the city, "woke up" to the fact, apparent to others, that the citizens are dissatisfied with the high prices and meters, or both.

The statement advanced by the gas company that they contemplate installing an electric light plant is considered on the streets as only an effort to gain time and throttle in its birth this new "infant industry."

Our business men can by a combined effort make a second and successful attempt to keep our local "monopoly" in bounds.

PARIS will pay a gas company \$3,300 this year for lighting her streets. An electric light company offered to do the lighting for \$1,200 per year less than the gas company, and to furnish not less than 20,000 candle power, while the gas lights amounted to only 2,176 candle power.

At the Erdenheim sale of thoroughbreds in Pennsylvania, 68 stallions and 44 brood mares brought \$49,475.

Its Delicacy of Flavor

and the efficacy of its action have rendered fruit remedy, Syrup of Figs, immensely popular. It cleanses and tones up the clogged and feverish system, and dispels headaches, colds and fevers. For sale in 50 cent and \$1 bottles.
